Experienced Software Developer with 9+ years of expertise in building scalable web applications using modern JavaScript frameworks. Proven track record in designing robust systems, enhancing user experiences, and fostering cross-functional collaboration. Passionate about delivering high-performance, user-focused solutions that create global impact.

SKILLS

- **Frontend:** TypeScript, JavaScript, React, Vue.js, HTML, CSS
- **Backend:** Node.js, Express, PHP, Laravel
- **Database:** PostgreSQL, MySQL, NoSQL, Database Architecture
- **Development Tools:** Git, GitHub, Webpack, Vite, Jest, ESLint, Prettier
- **Cloud & DevOps:** AWS (Lambda, S3, API Gateway, SQS, SNS), Docker, CI/CD pipelines

EXPERIENCE

Software Developer

Immigrate Software | Oct 2017- July 2024

- Played a pivotal role in developing an extensive immigration platform from scratch, ensuring adherence to rigorous quality standards and fulfillment of all functional requirements. This effort culminated in the platform attracting over 100,000 users.
- Successfully migrated the entire web-based immigration platform from its initial version, built with Vue.js and a Node.js backend, to a React.js application with a PHP Laravel backend, ensuring a seamless transition and enhanced performance.
- Designed and implemented RESTful APIs, integrating third-party services (e.g., Stripe, Zoom, Amplitude) and maintaining continuous integration pipelines to meet business requirements.
- Implemented CI/CD pipelines and DevOps practices, ensuring continuous code integration and deployment.
- Collaborated with project and product managers, designers, and engineers to deliver high-quality features in a fast-paced Agile environment, actively participating in daily stand-ups, sprint planning, and retrospectives.

Frontend Developer

Ecocapital | Jan 2017- Sep 2019

- Designed and implemented a full-stack web application using Vue.js, Node.js, and PostgreSQL with RESTful APIs, reducing process time by 70%
- Created modular component system improving development efficiency by 25% while maintaining code quality standards
- Led code reviews and implemented best practices for team development
- Designed and integrated RESTful APIs, ensuring robust communication between frontend and backend services

Web Developer

Modiw Soft Co.,Ltd, Feb 2014 - Sep 2016

- Developed over 30 custom websites for high-profile clients using JavaScript, jQuery, HTML, CSS, PHP and MySQL
- Maintained an admin portal using CakePHP, streamlining content management for multiple client websites
- Implemented responsive designs, ensuring 100% cross-browser compatibility and adherence to accessibility standards

EDUCATION

BS in Computer Science, Mongolian University of Science and Technology, June 2014
